

## 4.2.1 Library is automated using Integrated Library Management System (ILMS)

### About ILMS - Library Automation Software

#### LIBRARY AUTOMATION

##### SOFTWARE DETAILS:

|   |                  |
|---|------------------|
| Name of ILMS Software                     | : LIPS i NET 5.0 |
| Nature of Automation (Fully or Partially) | : Fully          |
| Version                                   | : 5.0            |
| Year of Automation                        | : 2008           |

- The library is fully automated with bar-coding system. The library uses Lips i Net software package which is an integrated multi-user library management system that supports fully automated system of the library. The Lips i Net consists of modules on acquisition, cataloguing, circulation, serials, article indexing and OPAC (Online Public Access Catalog). The database of books available in the library is being updated on day to day basis with details of recently acquired books.
- Retrospective conversion of bibliographic records has been completed and more than 20000 bibliographic records of books available in the library can now be accessed through the Web OPAC for intranet access. This module is designed to search all the above databases using important fields.
- Smart Card System is used for gate entry registration in the library.
- 32 systems with LAN facilities are used for Digital library.

##### LIBRARY SOFTWARE MODULES

- Circulation – Issue / Return / Renewal
- Gate Entry
- Book & Non Book Materials Entries

- Back Volume Entries
- Periodical Entries
- Reports Production
- Back-up, export and import of data
- OPAC – Book & Non Book Materials Searching

### **AUTOMATED REPORT GENERATIONS LIKE**

- User Entry Report
- Book & Non Book Materials Statistics Report
- Transaction History Report / Transaction Statistics Report
- Individual Library User History Report
- Materials Usage History Report
- Online Public Access Cataloguing (OPAC) Usage Report
- Stock Position Reports under various headings like Books, Periodicals, CDs, and Theses Etc.

### **FACILITIES**

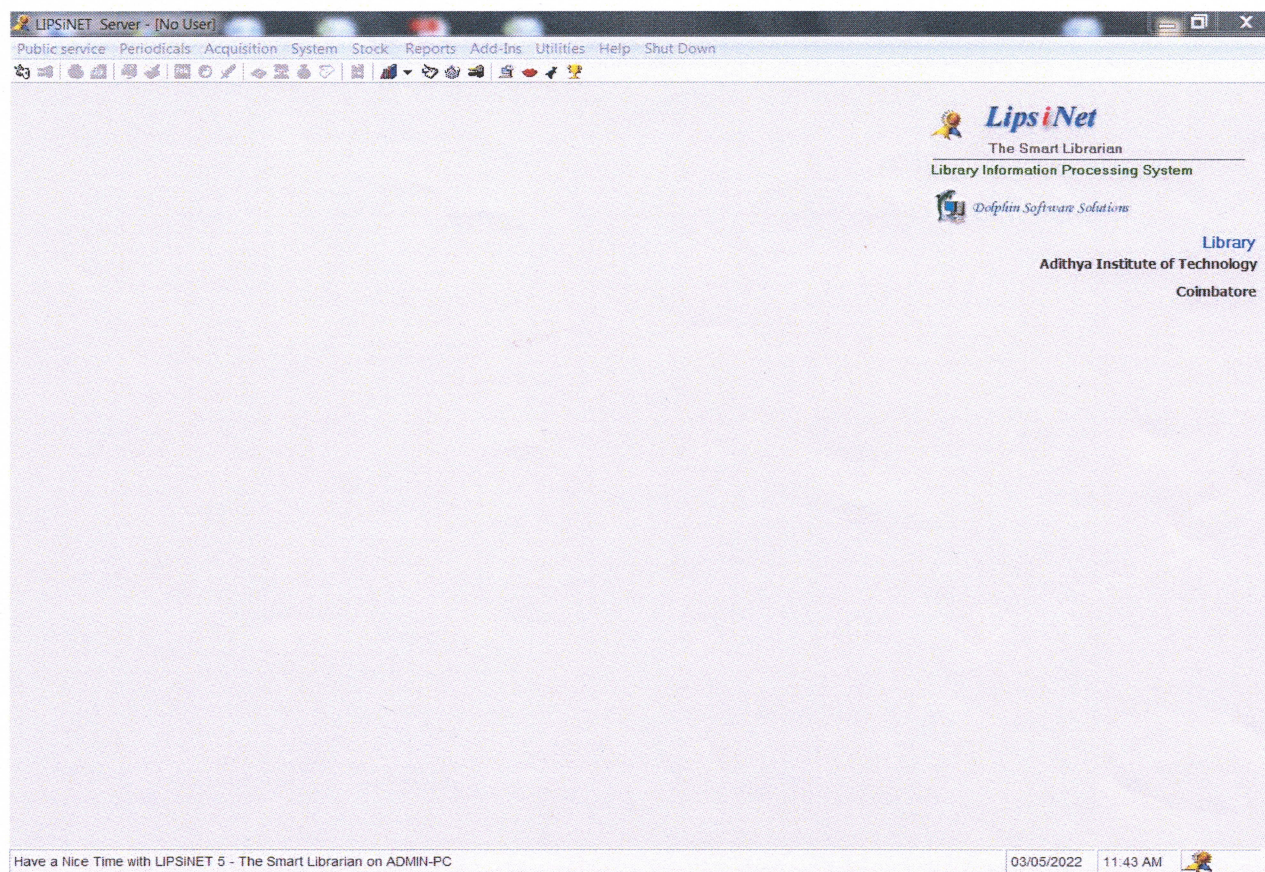

- The Central Library functions under open access system which is fully computerized for issuing, searching and returning the books.
- A modern digital library network with high speed internet access is also housed in the premises.
- The library is a member of DELNET and NDLI. Print version journals, Magazines, E - Books, E - Journals and NPTEL Hard Disk are available in the library.
- Internet and reprography facility with computer system. CD's, DVD, CD-ROM Barcode Scanner, Printer are available in the library.
- Reference service is given to users to provide right information at the right time.
- DDC coding, bar coding, Lips i Net software facilitates enable faster processing.

- Inter library loan facility is arranged through DELNET for acquiring urgently required references.
- The UG and PG Students will get 5 & 6 books respectively & the teaching staff will get 10 books.
- The library has under CCTV surveillance Cameras.
